NiceLabel Express

4

NiceLabel Express is a Wizard-based software that fulfills basic bar code labeling needs. This entry-level software includes many design elements from the professional edition with the emphasis on simplified user interaction. Combining the technically advanced label design engine of NiceLabel Pro with a simplified user interface. NiceLabel Express provides the most accomplished low-cost labeling software available.
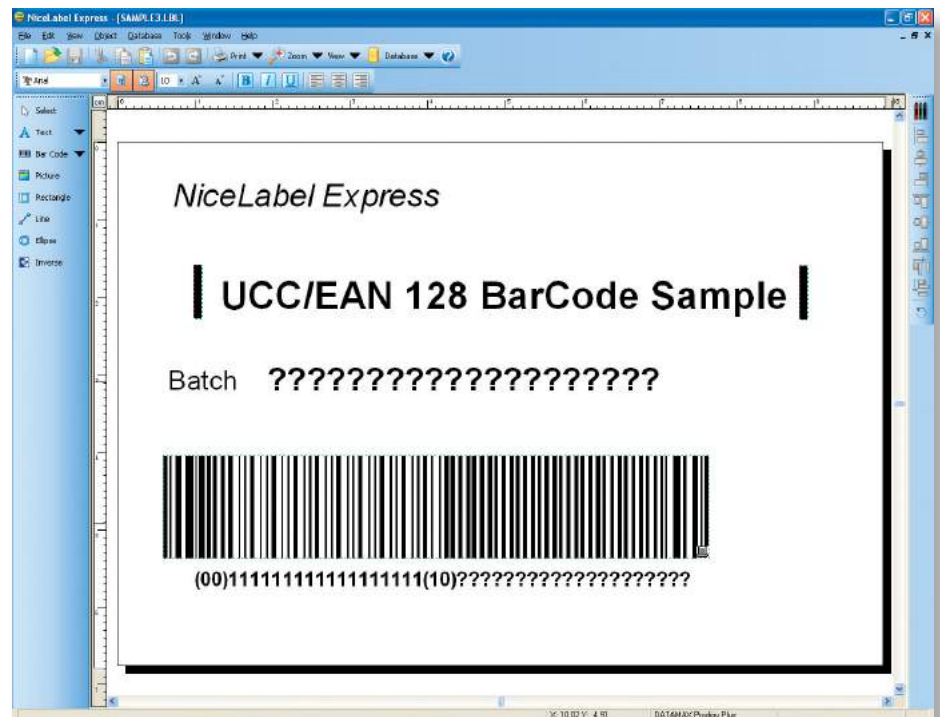

Design work within NiceLabel Express is based entirely on user-friendly Wizards representing true shortcuts to fast and easy label creation. It includes all basic label design tools and support for prompted fields, serialization, date/time stamps and all standard bar code types, including 2-D and EAN.UCC 128. There are no limits to the number of objects per label.

Data can be extracted from ASCII text files or a Microsoft Excel spreadsheet using a built-in Database Wizard. NiceLabel Express enables the user to handle a simple text file or spreadsheet like a database. Database lookup, sorting, and batch printing are all possible.

NiceLabel Express supports over 900 optimized thermal label printers as well as any standard office printer. With NiceLabel Express, printing to any networked or local printer could not be easier.

Features and Specifications

NiceLabel Express

Multiple Label Design Objects
Text, Barcodes, Graphic images, Lines and boxes, Reverse backgrounds, Circles and ellipses. Insert OLE objects, such as WordArt, created from other compliant software applications. No limits to the number of label objects or fields per label.

Variable Data Sources
Keyboard input fields, incrementing/decrementing counters, Date/time stamps, Simple database connectivity (Text Files and Microsoft Excel) and more.

Database Connectivity Support
-Text (ASCII) files. Import comma delimited, tab delimited and fixed width text files.
- Microsoft Excel spreadsheet import (single table).

Barcode Support
EAN-13, EAN-14, Dun-14, UPC Case Code, EAN-8, Upc-A, Upc-E, EAN/UPC bar codes with supplements, Interleaved 2 of 5, Code-39 (normal, full ASCII, Tri Optic), Code-93, Code128 (A, B, C), Postnet (32, 37, 52, 62), Codabar, Bookland, MSI, Pharmacode, Plessy, Anker, RSS (linear and composite), SSCC, EAN.UCC 128, ITF 14, ITF 16, Kix, PDF-417, DataMatrix, MaxiCode, Aztec, QR, Micro-QR, Codablock F, 2-D Pharmacode, MicroPDF.

### Industry Standard and Compliance Support
EAN.UCC 128 wizard to simplify creation of compliance and shipping bar code labels.

Printer Support
High Performance NiceDrivers: Argox, Avery, Blazepoint, Brady, CAB, Century, Citizen, Cognitive, Compuprint, Comtec, Datamax, Eltron, EPC, Etimark, Extech, Facit, Genicom, GOD BM, Godex, IBM, Imaje, ILS, Imaje, Intermec, Italora, Lapis, Markem, Markpoint, Meto, Microcom, MPH, Novexx, Printronix, QLS, Ring, Sartorius, SATO, TEC, Tharo, TSC, UBI, Unimark, Zebra, etc. Also supports any standard office inkjet or laser printer.

Multi-Lingual Support
Chinese (Simplified), Chinese (Traditional), Croatian, Danish, Dutch, English, Finnish, French, German, Greek, Hebrew, Hungarian, Italian, Japanese, Lithuanian, Polish, Portuguese, Russian, Slovenian, Slovak, Spanish, Swedish, Thai, Ukrainian, and more.
